

RPB CAREER DEVELOPMENT AWARD

2015 Guidelines and Instructions

DEADLINE

Nomination Form: December 15, 2014 for January 2015 deadline
June 15, 2015 for July 2015 deadline

Application: January 10, 2015 (awarded in June)
July 1, 2015 (awarded in December)

DESCRIPTION

Career Development Award: \$300,000 payable over four (4) years, \$75,000 a year upon approval of 20-month substantive progress report.

The RPB Career Development Award (CDA) helps chairs recruit promising young researchers to ophthalmology and support junior faculty who have demonstrated their potential for independent research. A detailed mentoring plan for the early-career candidate is an important element in review of this award application. This plan must be clearly defined in the chair's statement.

Awardees will be required to submit a substantive progress report after 20 months. This report will be competitively reviewed and subsequent third and fourth payments are contingent upon approval of this report.

Awardees will be required to expend the award within four (4) years if granted the full \$300,000. Otherwise, the awardee is required to expend the \$150,000 within three (3) years.

ELIGIBILITY

- Nominated by RPB-supported chairs, candidates must have, or be recruited to, a primary appointment in ophthalmology (up to and including Assistant Professor), and with primary lab space under ophthalmology's jurisdiction. Candidates may be sought from either ophthalmology, basic science, or other relevant departments within one's own institution or from other institutions. Previous recipients of this grant are ineligible.
- The candidate's most recent postdoc training (residency or fellowship) must have ended within three (3) years of the application deadline. Recruits in the last year of their postdoc are also eligible. Past RPB Special Scholars are ineligible.
- At the application deadline, the candidate cannot currently have an R01 or have been awarded an R01 in the past. Candidates with pending R01s are eligible.
- MDs and MD/PhDs must devote at least 50% of their time to research activities, with 60% desirable, as opposed to teaching or medical practice.
- PhD faculty/recruits must have a secondary appointment in a basic science or other relevant department prior to submission of the proposal and must remain in the secondary appointment while the grant is active. **There is no salary requirement from the secondary department.** This does not apply to MDs or MD/PhDs.
- Any part of the RPB grant not earmarked for salary should help equip and staff the awardee's lab and fund research efforts. The grant cannot replace salary support currently derived from other sources.

- RPB Grantee chairs may nominate one candidate in each grant review cycle enabling a school to possibly receive two CDAs per calendar year.
- As with all RPB awards, chairs may nominate only one person per grant category, per cycle, and candidates must either be US citizens or permanent residents (green card holder) by the application deadline. Any previous RPB grants must be fully spent and recognized as *terminated* by RPB before applying for another RPB grant. All RPB grants must remain free of institutional overhead and are non-transferable to other individuals or other institutions. Should the awardee leave the department of ophthalmology, the department must return any unspent funds. Any equipment purchased with RPB funds is the property of the Department of Ophthalmology. Complete grant stipulations are included in award letters.
- Two-year grant disbursement of \$150,000 is contingent upon the execution of RPB's Letter of Agreement, along with the chair's written confirmation that the recipient is both onsite and has assumed his/her responsibilities in the department of ophthalmology and the appropriate basic science department, if applicable. Third- and fourth-year grant disbursements are contingent upon continuation of the executed Letter of Agreement AND approval of substantive progress report.

20-MONTH PROGRESS REPORT

- Progress report and guidelines will be distributed to the awardees, ophthalmology department chairs, and grant coordinators in:
 - November 2016 for those applications submitted January 2015;
 - May 2017 for those applications submitted July 2015.
- The progress report is due:
 - March 1, 2017 for those applications submitted January 2015;
 - September 1, 2017 for those applications submitted July 2015.

REPORTING

- RPB requires a substantive progress report. A final report is required once funds are expended.
- Failure to properly report and credit research funded by RPB puts your grant at risk for termination.

NOMINATION FORM AND APPLICATION SUBMISSION

Nomination Form: Nomination forms are a requirement. For the January 10 application deadline, nomination forms are due no later than December 15; for the July 1 application deadline, nomination forms are due no later than June 15.

Applications received without a prior nomination form will not be accepted. Complete the nomination form and email to Pattie Moran at pmoran@rpbusa.org. Nomination forms should be sent as Word documents only.

Application: RPB will accept applications and *most* supporting documentation via the password-protected page on RPB's web site that has been established for application submission. Please note only one (1) upload, with application and all applicable supporting documentation, will be accepted per candidate. This upload must be received **no later than 11:59pm ET on the deadline date.**

- Go to <https://www.rpbusa.org/rpb/grants/grantees/> to log in. NB: You can always find this page on the RPB web site, www.rpbusa.org, by clicking on the Grants tab on the left side of the home page, and then by clicking on "For Grantees".
- Enter the password: **Research**
- Click on the "Upload Your Grant Application" button to go to the upload form.
- Once you are on the upload form, enter your email address in the "From email" field.

- Upload your application and supporting documentation by browsing for them on your computer using the “Browse” button on the form.
- Use the Message box to add additional information, if any.
- Before clicking “SendThisFile” to send your submission, check that the information is complete.
- Click the “SendThisFile” button to send your application and supporting documentation.

This upload must include three separate documents:

Two signed, completed application forms:

1. One as a PDF document.
2. One as a Word document.

The third document must include, in PDF, in this order:

- The candidate’s NIH-style biosketch, in PDF. The candidate must adhere to current NIH format and instructions **EXCEPT** for publication listing. For this award, candidates must include a full listing of publications in the biosketch. Biosketches submitted in any other format will be disqualified.
- A statement from the chair which should include an assessment of the candidate’s scientific expertise, a clearly defined mentoring plan the candidate will receive in the department, and how this grant would strengthen the department’s eye research program. Describe the candidate’s lab space, research endeavors in which the candidate has exhibited scientific initiative and potential for independent research, and the importance and clinical relevance of the candidate’s research activities. Statement must be on letterhead, signed, in PDF, and addressed to “RPB’s Review Committees”. Limit to three (3) pages and font size 10-point or higher.
- **PHDs ONLY:** In the case of applicants with PhDs, the chair of the candidate’s secondary department must also provide a one-page statement describing the candidate’s responsibilities in the secondary appointment. Statement must be on letterhead, signed, in PDF, and addressed to “RPB’s Review Committees”. Limit to one (1) page and font size 10-point or higher. This does not apply to MD/PhDs.
- A signed, detailed scientific statement, in PDF, from the candidate outlining the research and objectives for the next four (4) years. Statement should include an explanation of how RPB funds will be used. Limit statement to four (4) pages with references included on a fifth page. Entire statement should not exceed five (5) pages. Font size 10-point or higher.

Letters of recommendation should not be included in the application submission upload.

- Signed letters of recommendation addressed to “RPB’s Review Committees” from three (3) established scientists, mentors, and/or leaders in the candidate’s field of interest. Subject line of the letter must include candidate’s name with degrees, name of nominating school, and “Career Development Award”. **Recommendation letters must be sent directly from the referee or his/her office and cannot be attached to the institution’s application submission upload. Recommendation letters included in the upload will not be accepted.** Late letters or additional letters will not be accepted. Recommendation letters can be sent by one of two methods:
 - **Regular mail or package delivery system:** These letters must be unopened, signed over the seal of the envelope, and sent directly to Pattie Moran at RPB. We suggest using a package delivery system for tracking purposes. All letters using either regular mail or package delivery system must be received in our offices **no later than 5pm ET on the deadline date.** Mailing address is: Pattie Moran, Research to Prevent Blindness, 645 Madison Avenue, 21st Floor, New York, NY, 10022.
 - **Email:** These letters must be on letterhead, signed, in PDF, and sent directly to Pattie Moran. All emailed letters must be received at pmoran@rpbusa.org **no later than 11:59pm ET on the deadline date.**

RPB Career Development Award

Materials, including recommendation letters, received after the deadline will not be accepted. Incomplete submissions are not forwarded to RPB's review committees and are automatically declined. Notify RPB if there are any changes to the status of major pending grants or faculty members or recruits. If the deadline falls on a weekend or holiday, proposals will be accepted the first following business day. Do not alter application format. Do not include binders, manuscripts, reprints, or any information not required by RPB.

Any questions, please contact Pattie Moran at 646-892-9566 or pmoran@rpbusa.org.

APPLICATION PREPARATION

Though the application is self-explanatory, we've included information below to assist you in preparing and completing RPB's Career Development Award Application.

Do not change formatting. Please keep pagination the same. If necessary, abbreviate answers to fit allotted space. Please provide responses in Arial 9 (font/size). Do not change the font/size of the actual questions.

<p>Candidate Information:</p> <ul style="list-style-type: none"> ➤ Enter Candidate's name; include degrees. ➤ Enter age at time of application as well as year of birth. ➤ Place X to the right of your selection for the following (see example below): <table style="margin-left: 40px; border: none;"> <tr> <td>Current Faculty</td> <td>X</td> <td>New Recruit</td> </tr> <tr> <td>US Citizen</td> <td></td> <td>Permanent Resident (Green Card Holder)</td> </tr> </table> ➤ Enter 1st Faculty Appointment Date as MM/YY. ➤ Enter name of institution and ophthalmology Chair; include degrees. ➤ Enter Candidate's current primary and secondary (if applicable) position(s), including academic title(s), department(s) and school. ➤ Enter Candidate's proposed primary and secondary (if applicable) position(s), including academic title(s) and department(s), if different than current. ➤ RECRUITS ONLY: Complete Proposed Position information. 	Current Faculty	X	New Recruit	US Citizen		Permanent Resident (Green Card Holder)
Current Faculty	X	New Recruit				
US Citizen		Permanent Resident (Green Card Holder)				

<p>Education:</p> <ul style="list-style-type: none"> ➤ List baccalaureate through postdoc training; list all fellowships and specialties. ➤ Include mentors (if applicable) next to institution name (see example below): <table style="margin-left: 40px; border: none;"> <tr> <td>University of New City,</td> <td>T. Smith</td> </tr> </table> ➤ Enter Years as YY-YY. Provide actual years at institution, e.g., 05-09, not total number of years, e.g., 4. ➤ MDs ONLY: Enter year of certification to American Board of Ophthalmology and list any other board certification obtained and year. 	University of New City,	T. Smith
University of New City,	T. Smith	

<p>Specialty Field of Proposed Research:</p> <ul style="list-style-type: none"> ➤ Place X to the right of your selection for the following (see example below): <table style="margin-left: 40px; border: none;"> <tr> <td>Anatomy/Pathology/Oncology</td> <td>X</td> <td>Biochemistry/Molecular Biology</td> <td>Clinical/Epidemiologic</td> <td>Cornea</td> <td>Lens</td> </tr> </table> 	Anatomy/Pathology/Oncology	X	Biochemistry/Molecular Biology	Clinical/Epidemiologic	Cornea	Lens
Anatomy/Pathology/Oncology	X	Biochemistry/Molecular Biology	Clinical/Epidemiologic	Cornea	Lens	

<p>Proposed Research Summary:</p> <ul style="list-style-type: none"> ➤ Do not go beyond allotted space. ➤ In layman's terms, include candidate's scientific accomplishments, clinical relevance, how candidate will contribute to program, and four-year research goal. Be sure your response includes one or two sentences outlining the research and objectives to be pursued. Do not duplicate biosketch information or Chair statement.
--

<p>Time Devoted to Research as Opposed to Other Academic Duties:</p> <ul style="list-style-type: none"> ➤ Include percentage of time devoted to research.

<p>Senior Collaborators/Mentors Onsite:</p> <ul style="list-style-type: none"> ➤ If applicable, list up to three senior collaborators/mentors onsite, including degrees, titles and departments.
--

<p>Letters of Recommendation:</p> <ul style="list-style-type: none"> ➤ List individuals submitting recommendation letters, including degrees, titles, departments, and schools.

For RPB Use Only:

➤ This section is for RPB Use Only. **DO NOT ENTER ANY INFORMATION.**

Current NEI Support as Principal or Co-Investigator:

➤ Place X to the right of your selection (see example below). If NO, proceed to next question.

Current NEI Support as Principal or Co-Investigator: Yes X No

- Specify Source.
- Specify Type, e.g., K08, K23, K99, etc.
- Specify Role, e.g., PI or Co-I.
- Enter Current Year and Total Grant Direct Costs.
- Enter Years as YY-YY. Provide actual years of grant, e.g., 12-16, not total number of years, e.g., 4.

Current NIH Support (other than NEI) as Principal or Co-Investigator:

➤ Place X to the right of your selection (see example below). If NO, proceed to next question.

Current NIH (other than NEI) as Principal or Co-Investigator: Yes X No

- Specify Source.
- Specify Type, e.g., K05, K21, R55, etc.
- Specify Role, e.g., PI or Co-I.
- Enter Current Year and Total Grant Direct Costs.
- Enter Years as YY-YY. Provide actual years of grant, e.g., 12-16, not total number of years, e.g., 4.

NIH Support as Principal or Co-Investigator Terminated Within Past Three Years:

➤ Place X to the right of your selection (see example below). If NO, proceed to next question.

NIH Support as Principal or Co-Investigator Terminated Within Past Three Years: Yes X No

- Include all NIH support.
- Specify Source.
- Specify Type, e.g., K08, R21, etc.
- Specify Role, e.g., PI or Co-I.
- Enter Total Grant Direct Costs.
- Enter Years as YY-YY. Provide actual years of grant, e.g., 11-13, not total number of years, e.g., 2.

Current Grant Support (other than NIH and NEI) as Principal or Co-Investigator:

➤ Place X to the right of your selection (see example below). If NO, proceed to next question.

Current Grant Support (other than NIH and NEI) as Principal or Co-Investigator: Yes X No

- Specify Source.
- Specify Type, if applicable.
- Specify Role, e.g., PI or Co-I.
- Enter Current Year and Total Grant Direct Costs.
- Enter Years as YY-YY. Provide actual years of grant, e.g., 12-16, not total number of years, e.g., 4.

Pending Grant/Renewal Support (all) as Principal or Co-Investigator:

- Place X to the right of your selection (see example below). If NO, proceed to next question.

 Pending Grant/Renewal Support (all) as Principal or Co-Investigator: Yes X No
- Specify Source.
- Specify Type, e.g., K08, R01, R21, etc.
- Specify Role, e.g., PI or Co-I.
- Enter Total Grant Direct Costs.
- Enter Years as YY-YY. Provide actual years of grant, e.g., 15-17, not total number of years, e.g., 2.

Current Time Commitment:

- Include time commitment percentage to each responsibility.
- If applicable, specify Other responsibilities such as administrative, volunteer efforts, etc.

Anticipated Use of RPB Funding:

- Include percentage and description. Use brief descriptions, e.g., salary supplement for PI; partial salary for assistants; equipment; consumables; etc.

PhDs Only:

- **PHDs ONLY:** PhD faculty members must have secondary appointment in basic science or other relevant department prior to submission; secondary appointment for PhD recruits must be activated at time candidate joins ophthalmology department.
- Include secondary department name(s) and Chair(s). Include degrees for Chair(s).
- MDs and MD/PhDs are not required to have a secondary appointment.

Agreement:

- Complete appropriate section, either Recruitment Candidates or Faculty Member Candidates.
- Place X to the right of your selection for the following (see example below):

 Candidate's lab will be under the jurisdiction of the Ophthalmology Department: Yes X No
 Will recruitment take place without RPB support? Yes X No
 Tenure Track: Yes No X
 A promotion is scheduled: Yes No X
- Enter MM/YY for Recruit Activation Date(s) and Promotion Date.
- Provide proposed title after promotion.
- Chair and Candidate to sign appropriate section.

Contact Information:

- Enter contact information for ophthalmology Chair; include degrees.
- Enter contact information of Grant Coordinator responsible for RPB applications. Include address if different than Chair's and include degrees.
- Complete current contact information for Candidate; include degrees. Recruits should use present institution's address.
- **RECRUITS ONLY:** Complete proposed mailing address if available at time of submission.
- Enter contact information for Ophthalmology Director of Research and Dean of the Medical School; include degrees.

NIH-STYLE BIOSKETCH FORMAT AND SAMPLE

BIOGRAPHICAL SKETCH

Provide the following information for the Senior/key personnel and other significant contributors.
Follow this format for each person. DO NOT EXCEED FIVE PAGES.

NAME:

eRA COMMONS USER NAME (credential, e.g., agency login):

POSITION TITLE:

EDUCATION/TRAINING *(Begin with baccalaureate or other initial professional education, such as nursing, include postdoctoral training and residency training if applicable. Add/delete rows as necessary.)*

INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	Completion Date MM/YYYY	FIELD OF STUDY

NOTE: The Biographical Sketch may not exceed five pages. Follow the formats and instructions below.

A. Personal Statement

Briefly describe why you are well-suited for your role in the project described in this application. The relevant factors may include aspects of your training; your previous experimental work on this specific topic or related topics; your technical expertise; your collaborators or scientific environment; and your past performance in this or related fields (you may mention specific contributions to science that are not included in Section C). Also, you may identify up to four peer reviewed publications that specifically highlight your experience and qualifications for this project. If you wish to explain impediments to your past productivity, you may include a description of factors such as family care responsibilities, illness, disability, and active duty military service.

B. Positions and Honors

List in chronological order previous positions, concluding with the present position. List any honors. Include present membership on any Federal Government public advisory committee.

C. Contribution to Science

Briefly describe up to five of your most significant contributions to science. For each contribution, indicate the historical background that frames the scientific problem; the central finding(s); the influence of the finding(s) on the progress of science or the application of those finding(s) to health or technology; and your specific role in the described work. For each of these contributions, reference up to four peer-reviewed publications or other non-publication research products (can include audio or video products; patents; data and research materials; databases; educational aids or curricula; instruments or equipment; models; protocols; and software or netware) that are relevant to the described contribution. The description of each contribution should be no longer than one half page including figures and citations. Also provide a URL to a full list of your published work as found in a publicly available digital database such as SciENcv or My Bibliography, which are maintained by the US National Library of Medicine.

D. Research Support

List both selected ongoing and completed research projects for the past three years (Federal or non-Federally-supported). *Begin with the projects that are most relevant to the research proposed in the application.* Briefly indicate the overall goals of the projects and responsibilities of the key person identified on the Biographical Sketch. Do not include number of person months or direct costs.

BIOGRAPHICAL SKETCH

Provide the following information for the Senior/key personnel and other significant contributors.
Follow this format for each person. **DO NOT EXCEED FIVE PAGES.**

NAME: Hunt, Morgan Casey

eRA COMMONS USER NAME (credential, e.g., agency login): huntmc

POSITION TITLE: Associate Professor of Psychology

EDUCATION/TRAINING (*Begin with baccalaureate or other initial professional education, such as nursing, include postdoctoral training and residency training if applicable. Add/delete rows as necessary.*)

INSTITUTION AND LOCATION	DEGREE (if applicable)	Completion Date MM/YYYY	FIELD OF STUDY
University of California, Berkeley	B.S.	05/1990	Psychology
University of Vermont	Ph.D.	05/1996	Experimental Psychology
University of California, Berkeley	Postdoctoral	08/1998	Public Health and Epidemiology

A. Personal Statement

I have the expertise, leadership, training, expertise and motivation necessary to successfully carry out the proposed research project. I have a broad background in psychology, with specific training and expertise in ethnographic and survey research and secondary data analysis on psychological aspects of drug addiction. My research includes neuropsychological changes associated with addiction. As PI or co-Investigator on several university- and NIH-funded grants, I laid the groundwork for the proposed research by developing effective measures of disability, depression, and other psychosocial factors relevant to the aging substance abuser, and by establishing strong ties with community providers that will make it possible to recruit and track participants over time as documented in the following publications. In addition, I successfully administered the projects (e.g. staffing, research protections, budget), collaborated with other researchers, and produced several peer-reviewed publications from each project. As a result of these previous experiences, I am aware of the importance of frequent communication among project members and of constructing a realistic research plan, timeline, and budget. The current application builds logically on my prior work. During 2005-2006 my career was disrupted due to family obligations. However, upon returning to the field I immediately resumed my research projects and collaborations and successfully competed for NIH support.

B. Positions and Honors

Positions and Employment

1998-2000	Fellow, Division of Intramural Research, National Institute of Drug Abuse, Bethesda, MD
2000-2002	Lecturer, Department of Psychology, Middlebury College, Middlebury, VT
2001-	Consultant, Coastal Psychological Services, San Francisco, CA
2002-2005	Assistant Professor, Department of Psychology, Washington University, St. Louis, MO
2007-	Associate Professor, Department of Psychology, Washington University, St. Louis, MO

Other Experience and Professional Memberships

1995-	Member, American Psychological Association
1998-	Member, Gerontological Society of America
1998-	Member, American Geriatrics Society
2000-	Associate Editor, Psychology and Aging
2003-	Board of Advisors, Senior Services of Eastern Missouri
2003-05	NIH Peer Review Committee: Psychobiology of Aging, ad hoc reviewer
2007-11	NIH Risk, Adult Addictions Study Section, members

Honors

2003	Outstanding Young Faculty Award, Washington University, St. Louis, MO
2004	Excellence in Teaching, Washington University, St. Louis, MO
2009	Award for Best in Interdisciplinary Ethnography, International Ethnographic Society

C. Contribution to Science

1. My early publications directly addressed the fact that substance abuse is often overlooked in older adults. However, because many older adults were raised during an era of increased drug and alcohol use, there are reasons to believe that this will become an increasing issue as the population ages. These publications found that older adults appear in a variety of primary care settings or seek mental health providers to deal with emerging addiction problems. These publications document this emerging problem but guide primary care providers and geriatric mental health providers to recognize symptoms, assess the nature of the problem and apply the necessary interventions. By providing evidence and simple clinical approaches, this body of work has changed the standards of care for addicted older adults and will continue to provide assistance in relevant medical settings well into the future. I served as the primary investigator or co-investigator in all of these studies.
 - a. Gryczynski, J., Shaft, B.M., Merrylye, R., & Hunt, M.C. (2002). Community based participatory research with late-life addicts. *American Journal of Alcohol and Drug Abuse*, 15(3), 222-238.
 - b. Shaft, B.M., Hunt, M.C., Merrylye, R., & Venturi, R. (2003). Policy implications of genetic transmission of alcohol and drug abuse in female nonusers. *International Journal of Drug Policy*, 30(5), 46-58.
 - c. Hunt, M.C., Marks, A.E., Shaft, B.M., Merrylye, R., & Jensen, J.L. (2004). Early-life family and community characteristics and late-life substance abuse. *Journal of Applied Gerontology*, 28(2),26-37.
 - d. Hunt, M.C., Marks, A.E., Venturi, R., Crenshaw, W. & Ratonian, A. (2007). Community-based intervention strategies for reducing alcohol and drug abuse in the elderly. *Addiction*, 104(9), 1436-1606. PMID: PMC9000292
2. In addition to the contributions described above, with a team of collaborators, I directly documented the effectiveness of various intervention models for older substance abusers and demonstrated the importance of social support networks. These studies emphasized contextual factors in the etiology and maintenance of addictive disorders and the disruptive potential of networks in substance abuse treatment. This body of work also discusses the prevalence of alcohol, amphetamine, and opioid abuse in older adults and how networking approaches can be used to mitigate the effects of these disorders.
